Hiring Manager
TikTok
2222 e cr drive
Seattle, Wa, 98112

Dear Hiring Manager,

I am writing to express my interest in the Frontend Software Engineer position at TikTok as advertised. With a strong background in Full Stack Development and a passion for AI technologies, I am excited about the opportunity to contribute to TikTok's mission of inspiring creativity and bringing joy through innovative software solutions.

In my current role as a Full Stack Developer based in Seattle, I have honed my skills in HTML5, CSS, JavaScript, React.js, Node.js, MongoDB, and Material Design. My experience includes spearheading the development of an e-commerce platform called Enhanced Card Store, where I successfully enhanced user interaction and commercial functionality. This project allowed me to leverage technologies such as JavaScript, React.js, Express, MongoDB, Material-UI, and data visualization tools to drive strategic business insights and enhance user engagement.

I am particularly drawn to TikTok's vision of creating a better e-commerce experience for its users and believe that my technical expertise aligns well with the responsibilities outlined for this role. My proficiency in frontend development combined with my experience in AI model training techniques and data analysis make me well-equipped to contribute effectively to TikTok's product engineering team.

Moreover, I am committed to continuous learning and growth within the tech industry. My educational background includes a Certificate in Advanced Software Development in Full Stack JavaScript from Code Fellows in Seattle.

I am impressed by TikTok's commitment to diversity and inclusion as well as the comprehensive benefits package offered to employees. I am excited about the prospect of joining a dynamic team that values creativity and innovation.

Thank you for considering my application. I look forward to the possibility of discussing how my skills and experiences align with TikTok's goals further. Please find attached my resume for your review.

Warm regards,

Reed O Vogt
